

## Fulltime: East Africa WASH Project Coordinator

Viva con Agua de Sankt Pauli e.V. is looking for an East Africa WASH Project Coordinator in fulltime. Preferable, the position is to be filled till the 1st of April but it can be agreed on a later start if necessary and appropriate. Locations of work are Hamburg and the countries in our focus area East Africa, in particular Uganda, Ethiopia and Mozambique.

Viva con Agua de Sankt Pauli e.V. (VcA) is a non-profit organisation committed to ensuring that all people worldwide have access to clean drinking water and improved sanitation. To achieve this goal, VcA promotes water projects and activities at home and abroad and activates people to get engaged in a joyful and meaningful way for the vision "Water for All, All for Water".

The new position bridges the gap between the organisation's headquarter in Hamburg, Germany and the countries in which VcA promotes WASH projects. To ensure a smooth and reliable support of all stakeholders, to strengthen communication channels, to expand local networks and communities and to guarantee the quality and implementation of WASH projects, VcA is looking for a Project Coordinator.

### Your responsibilities

- Establishing good working relationships and communication with a diverse group of stakeholders, particularly local partner organizations, governmental and regional authorities and international NGOs
- Monitoring and evaluation of the WASH projects
- Preparation of a standardised VcA reporting system
- Research and identification of new projects and partner organizations
- Development and implementation of project components in accordance with the VcA WASH strategy
- Identification of and application for third-party funding
- Expansion of and support for local networks of VcA in East Africa

## Your profile

- University degree in the area of developmental cooperation and/or structural/civil engineering or comprehensive work experience with an overall knowledge and understanding of complex WASH systems
- Former assignment in East Africa, preferable in the context of monitoring visits, contract negotiations or the technical implementation of WASH projects
- High level of flexibility with the readiness to travel on a short note, to stay abroad for longer periods and to frequently work in areas with volatile local conditions
- Experience with monitoring and evaluation systems
- Strong coordination skills with all stakeholders like implementing partners, government structures, ministries, German Embassies etc.
- Experience with project management and -lead
- Good self-management skills
- Experience in work in conflict areas and security management
- Strong people management and motivational skills
- Intercultural competences and capacity for empathy
- Good communication skills, both written and oral in English ( Portuguese or any relevant native languages are helpful but no prerequisite)
- Ability to build relationships and networks
- Affinity for the universal languages music, art and sports

## Our offer

- A meaningful occupation within an innovative, joyful and international All-Profit-Organization
- Co-operation with a highly dedicated team and a responsible scope of tasks.
- An opportunity to expand your regional and global network with responsible leaders.
- A flexible organisation of working time as well as a healthy work-life balance.
- The chance to actively co-create the future and the project work of Viva con Agua.

Sounds good to you?

Please upload your application including your Letter of Motivation and CV as one (!) PDF document until February 8th, 11:59 p.m.
